FROM THE PRINCIPAL'S DESK

The integration of the Indian Knowledge System (IKS) into higher education provides an opportunity to blend the best of ancient wisdom with modern knowledge. By fostering interdisciplinary research, holistic education, and ethical values, IKS can significantly contribute to the intellectual, motional, and ethical development of students. With a growing emphasis on sustainability, health, and global interconnectedness, the inclusion of IKS in higher education has the potential to create well-rounded individuals who are equipped to tackle both local and global challenges with innovative, ethical, and sustainable solutions. Salvaging and reviving the Indian Knowledge Systems is not just a matter of preserving ancient texts and traditions but reclaiming our cultural heritage and pride.
